“Practicing Forgiveness”

A Journey Program. On
Sunday Feb. 11th we will
begin a sermon series and
small groups to practice the
all important topic of
forgiveness. Please sign up
in the Boker Room if you
would like to be a part of a
small group. We hope to
have groups on several
different days of the week,
and in a few strategic
geographical locations
around our area. We are
also looking for people who

are willing to host, and for people who are willing to facilitate the small groups. Please talk to the pastor if you are interested in either.

Thank you!

To “the elves at Santas workshop” for the wonderfully generous Christmas gift they left for me. It is gratefully generous and very appreciated! Hugs all around, and happy New Year! - Barbra Weaver

A Word for the Week:

“It is worth noting that the more members there are in a single community and the more united they are in action, the more perfect is their human form. This is because variety arranged in a heavenly form makes perfection; and variety occurs where there are many individuals.

Every community in heaven is growing in numbers daily, and the more it grows, the more perfect it becomes. In this way, not only is the community perfected, but heaven in general is perfected as well, since the communities constitute heaven.

Since heaven is perfected by its numerical growth, we can see how mistaken people are who believe that heaven will be closed to prevent overcrowding. Actually, it is just the reverse. It will never be closed, and its ever increasing fullness makes it more perfect. So angels long for nothing more than to have new angel guests arrive there.”
(Heaven and Hell 71.)

Have a blessed week!
