Announcements:
Please Join us next Sunday to welcome the Rt. Rev. Brian Kieth who will also be guest preaching. His sermon is titled “Does the Lord Ask Too Much of Us?” - There are times when it seems the Lord’s expectations for us are too difficult. But are they? Does the Lord really expect us to give more than we can? Or, are our expectations for our spiritual lives too low?

Boynton Beach Retreat

“Practicing Forgiveness” A Journey Program. On Sunday Feb. 11th we will begin a sermon series and small groups to practice the all-important topic of forgiveness. Please sign up in the Boker Room if you would like to be a part of a small group. We hope to have groups on several different days of the week, and in a few strategic geographical locations around our area. We are also looking for people who are willing to host, and for people who are willing to facilitate the small groups. Please talk to the pastor if you are interested in either.

A Word for the Week:

“The expression ‘falsities arising from evil’ is used in order to distinguish such people from those who are

subject to falsities and yet are governed by good. Those who are subject to falsities yet at the same time are governed by good include, within the Church, those who are subject to heretical ideas but lead a good life, and outside the Church all who are governed by good. Falsities with these people are not damning, unless they are the kind of falsities that are opposed to good and destructive of an actual life of good. Falsities however which are not opposed to good are, it is true, essentially falsities; but so far as goodness of life is concerned, when they are not opposed to it, they virtually shed the character of falsity. Their application to good causes them to do so; for such falsities can be applied to good or they can be applied to evil. If applied to good they become mild, but if applied to evil they become harsh; for falsities can be applied to good, just as much as truths can be to evil.”
