**“Practicing Forgiveness”  
A Journey Program.** On Sunday Feb. 11th we will begin a sermon series and small groups to practice the all important topic of forgiveness. Please sign up in the Boker Room if you would like to be a part of a small group. We hope to have groups on several different days of the week, and in a few strategic geographical locations around our area. We are also looking for people who are willing to host, and for people who are willing to facilitate the small groups. Please talk to the pastor if you are interested in either.

**A Word for the Week:**  
*It has been stated already that spiritual temptation when it takes place in someone is a conflict between the evil spirits and the angels residing with that person, and that he ordinarily feels that conflict in his conscience. As regards such conflict it should be recognized in addition that the angels are protecting man constantly and are warding off the evils that evil spirits direct against him....*

*Man in no sense produces any falsity and evil from himself. Instead it is the evil spirits residing with him who produce them, and as they do so they also convince him that these originate in himself. Such is the nature of their wickedness. And what is more, the moment they instill this into him and convince him, they also accuse and condemn him. This I can confirm from a multitude of experiences. Anyone who has no faith in the Lord is incapable of being enlightened in the matter; he inevitably believes that an evil is from himself. Consequently he makes the evil his own and becomes like those evil spirits residing with him.*  
(Arcana Caelestia 761)

**Have a blessed week!**
