Clergy Meeting Report

Several people have asked

me if I'd be willing to give a

report on the clergy meetings. I would be happy to do that. If you are interested in such a report, please email me with your preference of day or evening time for Wednesday the 18th of July. ~ Alan

A Word for the Week:

“People uninformed about human regeneration suppose that a person can be regenerated without temptation, and some that he has been regenerated after he has undergone a single temptation. But let it be known that no one can be regenerated without temptation, and that he suffers very many temptations, following one after another. The reason for this is that regeneration takes place to the end that the life of the old man may die and a new, heavenly life may be instilled. From this one may recognize that conflict is altogether inevitable; for the life of the old man stands its ground and refuses to be snuffed out, and the life of the

new man cannot enter except where the life of the old has been snuffed out. From this it is evident that fierce conflict takes place between mutually hostile sides, since each is fighting for its life.”

(Arcana Caelestia 8403)

“Having examined himself, acknowledged his sins, and repented a person must remain steadfast in good to life's end. But if having done those things he falls back into his former life of evil and embraces it he profanes that good since he now links evil with it. As a consequence his latter state becomes, according to the Lord's words, worse than his former.”

(Arcana Caelestia 8403)

Have a blessed week!
