A Word for the Week:

*“If we give no thought to
the evils within us, that is
if we do not examine
ourselves and then
refrain from doing them,
we wind up inevitably not
knowing what evil is and
then loving it because of
the pleasure it offers us.
This is because anyone
who does not know about
evil loves it, and anyone
who neglects thinking
about evil is constantly
involved in it.” (DP 101)*
